Back Cover

3.5" x 5" Card

- Safe Area, keep text within these margins
- Card size
- - - Bleed

Front Cover

The diagram shows a rectangular card layout divided into two vertical sections. The left section is labeled 'Inside Flap' and the right section is labeled 'Inside content'. A legend in the bottom right of the right section defines three types of boundaries: a blue solid line for 'Safe Area, keep text within these margins', a black solid line for 'Card size', and a red dashed line for 'Bleed'. The 'Bleed' area is the outermost region, followed by the 'Card size' boundary, and then the 'Safe Area' boundary.
